II. STRUCTURE CLOSURE INFORMATION

A. FULL OR PARTIAL CLOSURE QUESTIONNAIRE

Answer the following questions by clearly circling your response, then follow the accompanying directions based on your response.

- Do you plan to completely close the facility?
If yes, go to Option 1 below. If no, go the next question. yes no
- Do you plan to completely close a structure?
If yes, go to the next question. If no, go to option 2 below. yes no
- Is the structure independent of other structures?
If yes, go to option 1 below. If no, go to option 2 below. yes no

B. FULL OR PARTIAL CLOSURE OPTIONS

- Remove all manure, litter, or process wastewater from the storage structure(s). Land apply and manage all manure, litter, and process wastewater removed from the structure(s) in accordance with your NPDES CAFO permit. Remove all associated appurtenances and conveyance structures from uncovered liquid manure or process wastewater storage structure(s). Submit this form to IDEM within thirty (30) days of completion. In the notes field below detail what at the facility was closed.
- Prior to demolishing or converting the use of any manure, litter, or process wastewater storage structure(s), submit this form to IDEM reporting the recalculated storage capacity for the facility, and specify the intended future use of the manure, litter, or process wastewater storage structure(s) if the structure is to be converted. Adequate storage must be maintained to avoid land application when soil or weather conditions are unsuitable for land application or when the land is occupied with crops.

New combined storage capacity at the facility (after closure): _____ days

Future intended use of closed structure: _____

III. NOTES

IV. CERTIFICATION

"I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted.
